

Tenable One

Tenable One Introduction On-Demand Training

Tenable University

Tenable One Introduction Course

The Tenable One Introduction Course consists of a series of short, on-demand videos providing the fundamental building blocks to install, connect and use the Tenable One Exposure Management Platform to identify exposures, prioritize remediations and reduce risk across your modern attack surface, as well as assess and improve the success of your organization's exposure management program. The Tenable One Introduction Course is available for no cost at Tenable University.

Overview

This course is available as an On-Demand Training (ODT). Tenable presents the components of Tenable One, and navigation within the workspace. Content includes basic overviews and demonstrations of the features and capabilities of Tenable One: inventory, aggregated risk-view analytics, and breach and attack path mitigation.

The course features a blend of lectures and demonstrations, all designed to promote active engagement and enhance learning outcomes.

Audience

The Tenable One Introduction Course is suited for professionals interested in learning the basic operational use of Tenable One.

Prerequisites

None.

Key Benefits

→ Product-based Demonstrations

View practical, real-world demos showing Tenable products in realistic scenarios

→ On-Demand Scheduling

Short, easy to watch and self-paced videos available on your schedule at Tenable University

→ Strong Foundational Knowledge

Complete this course to learn how to implement the Tenable One Exposure Management platform to identify the true exposures threatening your organization

ABOUT TENABLE

Tenable is the exposure management company, exposing and closing the cybersecurity gaps that erode business value, reputation and trust. The company's AI-powered exposure management platform radically unifies security visibility, insight and action across the attack surface, equipping modern organizations to protect against attacks from IT infrastructure to cloud environments to critical infrastructure and everywhere in between. By protecting enterprises from security exposure, Tenable reduces business risk for more than 44,000 customers around the globe. Learn more at tenable.com.
