

TENABLE OT SECURITY INTRODUCTION COURSE ON-DEMAND TRAINING

TENABLE OT SECURITY INTRODUCTION COURSE

The Tenable OT Security Introduction Course is available for no cost at [Tenable University](https://tenable.com/tenable-university) and consists of a series of short on-demand videos providing the fundamental building blocks to deploy, configure and use Tenable's Operational Technology (OT) platform. Tenable® highly recommends this course as a prerequisite for the instructor-led Tenable OT Security Specialist Course.

Participants in this course will learn the basics of how to install, configure and use Tenable OT Security. Content includes an overview of the following: Cyber Exposure, installation and configuration, asset discovery and assessment, event analysis, prioritization and remediation measurement. Tenable presents basic features and demonstrates usage for each topic.

AUDIENCE

This course is suitable for people interested in learning basic operational use of Tenable OT Security.

PREREQUISITES

None.
