tenable® Security Center

TENABLE SECURITY CENTER SPECIALIST COURSE INSTRUCTOR-LED TRAINING

TENABLE SECURITY CENTER SPECIALIST COURSE

This fast-paced Tenable Security Center Specialist Course provides the knowledge and skills necessary to effectively utilize Tenable's comprehensive vulnerability analysis solution in typical on-premises enterprise IT environments.

OVERVIEW

Participants in this two-day course will learn how to implement and support the Tenable platform. Content for the instructor-led course includes installation and configuration of Tenable Security Center, a review of essential operations, a technology overview along with architecture and design discussions for typical environments, and a detailed scanning and analysis review.

AUDIENCE

This course is suited for professionals with operational responsibilities using Tenable who want to expand their knowledge to maximize the solution's effectiveness. It is recommended for those seeking to obtain Tenable Security Center Specialist Certification.

PREREQUISITES

Tenable highly recommends that all participants complete the free Tenable Security Center Intro Course on Tenable University before attending this course.
