

# Tenable.ot Introduction Course On-Demand Training

## Tenable.ot Introduction Course

The Tenable.ot® Introduction Course is available for no cost at [Tenable University](#) and consists of a series of short on-demand videos providing the fundamental building blocks to deploy, configure and use Tenable.ot. Tenable highly recommends this course as a prerequisite for the instructor-led Tenable.ot Specialist Course. Participants in this course will learn the basics of how to install, configure and use the Tenable.ot platform. Content includes an overview of the following: Cyber Exposure, installation and configuration, asset discovery and assessment, event analysis, prioritization and remediation measurement. Tenable® instructors present basic features and demonstrate usage for each topic.

## Audience

This course is suitable for people interested in learning basic operational use of Tenable.ot.

## Prerequisites

None.
